5. FIRE-FIGHTING MEASURES

Fire fighting equipment/instructions	Use fire-extinguishing media appropriate for surrounding materials.
Extinguishing media which must not be used for safety reasons	Do not use water jet.
Unusual fire & explosion	Dusts may form an explosive mixture with air. Take precautionary measures against static discharge.
Specific hazards	Not a fire hazard. The product itself does not burn. Material can be slippery when wet
Protective equipment for	Selection of respiratory protection for fire fighting: follow the general fire-fighters: fire precautions indicated in the workplace

6. ACCIDENTAL RELEASE MEASURES

Personal precautions:	Avoid inhalation of dust and contact with skin and eyes. Use work methods which minimize dust production. Keep unnecessary personnel away. Wear a dust mask if dust is generated above exposure limits.
Environmental precautions:	Do not discharge into drains, water courses or onto the ground. Do not flush into surface water.
Containment procedures	Avoid allowing water runoff to contact spilled material. If sweeping of a contaminated area is necessary use a dust suppressant agent which does not react with the product. Contaminated surfaces will be slippery.
Methods for cleaning up	Sweep up or gather material and place in appropriate container for disposal. Collect dust or particulates using a vacuum cleaner with a HEPA filter. Avoid dust formation.

7. HANDLING AND STORAGE

Safe handling advice:	Avoid inhalation of dust and contact with skin and eyes. Change contaminated clothing. Observe good chemical hygiene practices. Keep formation of airborne dusts to a minimum. In case of insufficient ventilation, wear suitable respiratory equipment. Avoid prolonged exposure. Wash thoroughly after handling.
Technical measures:	Use work methods which minimise dust production. Avoid spreading dust.
Technical precautions:	Provide easy access to water supply and eye wash facilities.
Technical measures for safe storage:	No special precautions
Storage conditions:	Store in closed original bags/ container. Do not store near heat sources or expose to excessive temperatures. Avoid direct sunlight.
